#### CHAIRMAN'S REVIEW

It is my pleasure to present you the un-audited Financial Statements of Atlas Islamic Money Market Fund (AIMF), Atlas Islamic Income Fund (AIIF), Atlas Islamic Stock Fund (AISF), Atlas Islamic Dedicated Stock Fund (AIDSF) and Atlas Islamic Fund of Funds (AIFOF) for first half ended December 31, 2024 of FY 2024-25.

#### THE ECONOMY

Pakistan's economy has demonstrated encouraging developments during first half of FY 2024-25, indicating an optimistic outlook for the ongoing fiscal year. Macroeconomic fundamentals have strengthened, marked by a further deceleration in CPI inflation through stable food prices along with base effect, current account surplus supported by increased exports and remittances, and an accommodative monetary policy stance. As per State Bank of Pakistan MPC surveys, these developments have strengthened the business Industry and services confidence.

Inflation has continued its downward trajectory with average inflation rate for 1HFY 2024-25 recorded at 7.3%, a significant reduction from 28.8% in the corresponding period last year. Inflation for Dec'24 stood at 4.1%, marking the lowest CPI reading in over 6.5 years primarily due to the base effect of last year's elevated inflation. State Bank of Pakistan continued with its monetary easing policy and reduced the policy rate by an additional 200bps in Dec'24 to 13.0% mainly influenced by declining inflation. This marked the fifth consecutive rate cut in the ongoing monetary easing cycle bringing cumulative reduction to 900bps from its peak of 22.0% in Jun'24.

On the external front, current account posted a highest cumulative half-yearly surplus of USD 1.2 billion primarily driven by higher remittances and controlled trade deficit. In 1HFY 2024-25 exports improved to USD 16.6 billion, showing 11.0% YoY improvement and imports levels moderated in 1HFY 2024-25 to USD 27.8 billion, keeping the trade deficit at USD 11.2 billion. Remittances have increased impressively during 1HFY 2024-25, by 33.0% YoY to USD 17.8 billion. The stronger inflows will promote currency stability and help in restricting current account deficit. Pakistan's total liquid foreign exchange reserves were recorded at USD 16.4 billion on December 27, 2024, with State Bank of Pakistan's reserves at USD 11.7 billion.

Large Scale Manufacturing (LSM) recorded a 3.8% YoY decrease in Nov-2024 and a negative YoY growth was observed in four of the last six months. Cumulatively in 5MFY 2024-25 LSM index posted negative growth of 1.3% YoY. The FBR reported provisional tax collections of PKR 5,623 billion against the target of PKR 6,009 billion from July to December, which represents a 26% increase compared to PKR 4,466 billion from the previous year. The budgeted markup expense for FY 2024-25 is PKR 9,125 billion, however the government's borrowing costs are expected to ease as the policy rate has decreased by 900 bps in the 1HFY 2024-25. Pakistan's external debt predominantly comprises of concessional bilateral and multilateral creditors. For FY 2024-25, the government has to fulfill its obligations of USD 26 billion, with expectations to secure rollovers and refinancing of USD 16-17 billion, leaving a net repayment of only USD 5.5 billion for the remaining half.

The Executive Board of the International Monetary Fund (IMF) approved the USD 7.0 billion Extended Fund Facility (EFF) for Pakistan in the month of September. The re-entry into an extended IMF program will ensures the continuation of prudent macroeconomic policies that will pave the way for growth later. Pakistan Stock Exchange (PSX) had a transformative year in 2024, with the PSX 100 Index rising by 46.8% in 1HFY 2024-25, reaching an all-time high of 115,127 points. This growth reflects not only market resilience but also increasing confidence in Pakistan's economic stability.

#### **MUTUAL FUND TAXATION**

#### **FEDERAL EXCISE DUTY (FED)**

The Finance Act, 2013 imposed Federal Excise Duty (FED) on financial services to include Asset Management Companies (AMC's) with effect from June 13, 2013 and this was withdrawn on June 30, 2016. On September 04, 2013, a constitutional petition was filed in SHC jointly by various AMCs, challenging the levy of FED. In a separate petition the Honorable Sindh High Court declared that the FED was unconstitutional and cannot be charged where provinces are collecting sales tax. FBR has challenged the decision of SHC in the Honorable Supreme Court of Pakistan (SCP). However, without prejudice, the mutual funds and pension funds have on prudent basis maintained the provision for FED till June 30, 2016.

#### **FUTURE OUTLOOK**

The IMF projects Pakistan's GDP growth will recover to approximately 3.0% in FY25 supported by normalized economic activity post IMF program and improving macroeconomic indicators. As per IMF projections for FY25 average CPI will be 9.5%, supported by tight fiscal and monetary policies, favorable base effects, and easing global commodity prices. Despite prudent policies and reforms, fiscal challenges persist such as low tax base and high development spending which are key to support growth. The current account deficit (CAD) is projected to remain contained at 0.9% of GDP, while the IMF's Extended Fund Facility (EFF) will help build foreign exchange reserves and meet financing needs. To sustain progress, the government must focus on averting fiscal slippages, expanding the tax base, and promoting exports and import substitution. While the SBP's initiatives have laid a foundation for recovery, sustained growth will require strong reforms, consistent policies, and inclusive development.

(We look forward to growth, growth and growth)

7.1 As per clause 47(B) of part IV of the Second Schedule to the Income Tax Ordinance, 2001, payments made to collective investment schemes (CISs) are exempt from withholding tax under section 150 and 151. However, withholding tax on profit on debt paid to the Fund was deducted by various withholding agents based on the interpretation issued by FBR vide letter C. no. 1(43) DG (WHT)/2008-VOL.II-66417-R dated 12 May 2015 which requires every withholding agent to withhold income tax at applicable rates in case a valid exemption certificate under section 159(1) issued by the concerned Commissioner of Inland Revenue (CIR) is not produced before him by the withholder.

For this purpose, the Mutual Funds Association of Pakistan (MUFAP) on behalf of various mutual funds (including the Funds being managed by the Management Company) had filed a petition in the Honourable Sindh High Court (SHC) challenging the above mentioned interpretation of the Federal Board of Revenue (FBR) which was decided by the SHC in favour of FBR. On January 28, 2016, the Board of Directors of the Management Company passed a

resolution by circulation, authorising all CISs to file an appeal in the Honourable Supreme Court through their Trustees, to direct all persons being withholding agents, including share registrars and banks to observe the provisions of clause 47B of Part IV of the Second Schedule to the Income Tax Ordinance, 2001 without imposing any conditions at the time of making any payment to the CISs being managed by the Management Company. Accordingly, a petition was filed in the Supreme Court of Pakistan by the Funds together with other CISs (managed by the Management Company and other Asset Management Companies) whereby the Supreme Court granted the petitioners leave to appeal from the initial judgement of the SHC. Pending resolution of the matter, the amount of withholding tax deducted on profit on debt has been shown as other receivables as at 31 December 2024, as in the opinion of the management, the amount of tax deducted at source will be refunded.

Had the tax recoverable not been recorded in these financial statements of the Fund, the net asset value of the Fund as at December 31 2024 would have been lower by Rs. 0.03 per unit (June 30 June 2024: 0.03 per unit).

#### 18. FAIR VALUE OF FINANCIAL INSTRUMENTS

Fair value is the amount for which an asset could be exchanged, or a liability settled, between knowledgeable willing parties in an arm's length transaction.

Underlying the definition of fair value is the presumption that the Fund is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

#### 18.1 Fair value hierarchy

Following hierarchy is used in determining and disclosing the fair value of the following financial instruments by valuation technique:

Level 1: Quoted prices in active markets for identical assets.

Level 2: Other techniques for which all inputs which have a significant effect on the recorded fair value are

observable, either directly or indirectly.

Level 3: Valuation techniques which use inputs which have a significant effect on the recorded fair value that

are not based on observable market data.

As at reporting date, the Fund has investments 'at fair value through profit or loss' measured using level 2 valuation technique. For the remaining financial assets and financial liabilities, the Fund has not disclosed the fair values, as these are either short term in nature or repriced periodically. Therefore, their carrying amounts are reasonable approximation of fair value.

Our responsibility is to express a conclusion on these condensed interim financial statements based on our review.

#### Scope of Review

We conducted our review in accordance with International Standard on Review Engagements [ISRE] 2410, "Review of Interim Financial Statements Performed by the Independent Auditor of the Entity". A review of condensed interim financial Statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. Accordingly, we do not express an audit opinion.

#### Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying condensed interim financial Statements are not prepared, in all material respects, in accordance with accounting and reporting standards as applicable in Pakistan for interim financial reporting.

A debt instrument is measured at amortized cost if it meets both of the following conditions and is not designated as at FVTPL:

- the asset is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

A debt instrument held for trading purposes or which does not meet the SPPI criterion is classified as measured at FVTPL. Given the objectives of the Fund, all investments have been classified as FVTPL.

In addition, on initial recognition, the Fund may irrevocably designate a debt instrument that otherwise meets the requirements to be measured at amortized cost or at FVOCI as at FVTPL, if doing so eliminates or significantly reduces an accounting mismatch that would otherwise arise.

#### c) Subsequent Measurement

#### Debt instruments at fair value through profit or loss

Debt instruments at FVTPL are recorded in the statement of financial position at fair value. Changes in fair value are recorded in profit and loss. Given the objectives of the Fund, all investments have been classified as FVTPL.

Interest earned on debt instruments designated at FVTPL is accrued in interest income, using the EIR, taking into account any discount/ premium and qualifying transaction costs being an integral part of instrument. Interest earnt on assets mandatorily required to be measured at FVTPL is recorded using contractual interest rate.

#### **Debt instruments at Amortized Cost**

These assets are subsequently measured at amortized cost using the effective interest method. The amortized cost is reduced by impairment losses. Interest / markup income, foreign exchange gains and losses and impairment are recognized in income statement.

#### **Financial liabilities**

#### Financial liabilities measured at amortized cost

All financial liabilities are recognized at the time when the Fund becomes a party to the contractual provisions of the instrument. They are initially recognized at fair value and subsequently stated at amortized cost. A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expired.

### d) Impairment of financial assets

IFRS 9 requires an expected credit loss model which requires an entity to account for expected credit losses and changes in those expected credit losses at each reporting date to reflect changes in credit risk since initial recognition. In other words, it is no longer necessary for a credit event to have occurred before credit losses are recognized.

However, SECP through its SCD/AMCW/RS/MUFAP/2017-148 dated November 21, 2017 have deferred the applicability of above impairment requirements in relation to debt securities for mutual funds and accordingly, basis defined in Circular No. 33 of 2012 dated, October 24, 2012 have been followed.

### e) Determination of fair value

The fair value of financial assets are determined as follows:

### i) Debt securities (other than Government securities)

The debt securities are valued on the basis of rates determined by the Mutual Funds Association of Pakistan (MUFAP) in accordance with the methodology prescribed by SECP for valuation of debt securities vide its Circular No. 33 of 2012 dated 24 October 2012. In the determination of the rates, MUFAP takes into account the holding pattern of these securities and categorizes them as traded, thinly traded and non-traded securities. The circular also specifies the valuation process to be followed for each category as well as the criteria for the provisioning of non-performing debt securities.

### ii) Debt securities (Government securities)

The government securities not listed on a stock exchange and traded in the interbank market are valued at the average rates quoted on a widely used electronic quotation system (PKRV rates) which are based on the remaining tenure of the securities.

### 3.2 Cash and cash equivalents

Cash and cash equivalents include deposits with banks and other short term highly liquid investments with original maturities of three months or less.

### 3.3 Revenue recognition

- Profit on bank balances and deposits is recognized on an accrual basis.
- Gain or loss on sale of Shariah-compliant sukuk securities and derivatives, GOP Ijarah, Bai Mujjal and Musharika is accounted for in the period in which it arises.
- Unrealized appreciation / (diminution) arising on remeasurement of investments classified as 'at fair value through profit or loss' are included in the Income Statement in the period in which they arise.

### Atlas Islamic Cash Fund

### 3.4 Expenses

All expenses chargeable to the Fund including remuneration of management company, trustee, and annual fee of the SECP are recognized in the income statement on an accrual basis.

#### 3.5 Provisions

Provisions are recognized when the Fund has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the obligation can be made. Provisions are regularly reviewed and adjusted to reflect the current best estimate.

#### 3.6 Taxation

The income of the Fund is exempt from income tax under clause (99) of Part I of the Second Schedule to the Income Tax Ordinance, 2001 subject to the condition that not less than 90% of the accounting income for the period as reduced by capital gains, whether realized or unrealized, is distributed amongst the unit holders as cash dividend. Furthermore, as per Regulation 63 of the Non-Banking Finance Companies and Notified Entities Regulations, 2008, the Fund is required to distribute not less than 90% of its accounting income for the period derived from sources other than capital gains as reduced by such expenses as are chargeable thereon to the unitholders.

### 3.7 Unit holders' Fund

Unit holders' Fund representing the units issued by the Fund, is carried at the redemption amount representing the investors' right to a residual interest in the Fund's assets.

### 3.8 Issue and redemption of units

Units issued are recorded at the offer price, determined by the Management Company for the application received during business hours on that day. The offer price represents the Net Asset Value (NAV) per unit as of the close of the business day, plus the allowable sales load and provision of any duties and charges if applicable. The sales load is payable to the Management Company / Distributors as processing fee.

Units redeemed are recorded at the redemption price applicable to units for which the Management Company receives redemption application during business hours of that day. The redemption price shall be equal to NAV as of the close of the business day, less an amount as the Management Company may consider to be an appropriate provision of duties and charges as processing fee.

### 3.9 Element of income / (loss) and capital gains / (losses) included in prices of units issued less those in units redeemed

The Securities and Exchange Commission of Pakistan through its SRO 756(I) / 2017 dated 03 August 2017 includes a definition and explanation relating to "element of income" and excludes the element of income from the expression "accounting income" as described in regulation 63 (amount distributable to unit holders) of the NBFC Regulations. As per the notification, element of income represents the difference between net assets value per unit on the issuance or redemption date, as the case may be, of units and also the net assets value per unit at the beginning of the relevant accounting period. Further, the revised regulations also specify that element of income is a transaction of capital nature and the receipt and payment of element of income shall be taken to unit holders' fund. However, to maintain the same ex-dividend net asset value of all units outstanding on the accounting date, net element of income contributed on issue of units lying in unit holders' fund will be refunded on units in the same proportion as dividend bears to accounting income available for distribution. MUFAP, in consultation with the SECP, specified methodology of determination of income paid on units redeemed under which such income is paid on gross element received and is calculated from the latest date at which the Fund achieved net profitability during the period.

### 3.10 Distributions to unit holders

Distribution to unit holders is recognized upon declaring and approval by the Distribution Committee of the Board of Directors of the Management Company under powers delegated to them by the Board of Directors of the Management Company or declaration and approval by the Board of Director of the Management Company.

Distributions declared subsequent to the period end reporting date are considered as non-adjusting events and are recognized in the financial statements of the period in which such distributions are declared and approved by the Board of Directors of the Management Company.

### 3.11 Net asset value per unit

The net asset value per unit disclosed in the statement of assets and liabilities is calculated by dividing the net assets of the Fund by the number of units in issue at period end.

### 3.12 Earnings per unit

Earnings per unit is calculated by dividing the net income of the period before taxation of the Fund by the weighted average number of units outstanding during the period.

### 18 FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Fund's objective in managing risks is the creation and protection of Unit holders' value. Risk is inherent in the Fund's activities, but it is managed through monitoring and controlling activities which are primarily set up to be performed based on limits established by the Fund Management Company, the Fund's constitutive documents, the Private Funds Regulations, 2015 and the regulations and the directives issued by the SECP. These limits reflect the business strategy and market environment of the Fund as well as the level of the risk that the Fund is willing to accept. The Board of Directors of the Fund Management Company supervises the overall risk management approach within the Fund. The Fund is exposed to market risk, liquidity risk and credit risk arising from the financial instruments it holds.

#### 18.1 Market risk

Market risk is the risk that the fair value or the future cash flows of a financial instrument may fluctuate as a result of changes in market prices.

The Fund Management Company manages the market risk through diversification of the investment portfolio and by following the internal guidelines established by the investment committee.

Market risk comprises of three types of risk: currency risk, interest rate risk and price risk.

### 18.2 Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. The Fund does not have any financial instruments in foreign currencies and hence is not exposed to such risk.

#### 18.3 Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate as a result of changes in market interest rates. As of December 31, 2024, the Fund is exposed to such risk on its balances held with banks. The investment committee of the Fund reviews the portfolio of the Fund on a regular basis to ensure that the risk is managed within the acceptable limits.

#### a) Sensitivity analysis for variable rate instruments

Presently, the Fund does not hold any variable rate instrument and is not exposed to cash flow interest rate risk.

#### b) Sensitivity analysis for fixed rate instruments

Presently, the Fund does not hold any fixed rate instrument and is not exposed to cash flow interest rate risk except for balances in certain saving accounts the interest rate on which is 12% to 18% per annum.

#### 18.4 Price risk

Price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from interest rate risk or currency risk) whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in the market.

#### 18.5 Liquidity risk

Liquidity risk is the risk that the Fund will encounter difficulty in meeting obligations arising from its financial liabilities that are settled by delivering cash or another financial asset, or that such obligations will have to be settled in a manner disadvantageous to the Fund.

### Management of liquidity risk

The Fund Management Company may obtain from banks and financial institutions financing in the form of guarantees, standby letter of credits or similar obligations for the purposes of securing its obligations in connection with a Portfolio Investment and the Trustee may on the instructions of the Fund Management Company, mortgage, charge or pledge in any manner all or any part of the Trust Property of the Fund for the purposes of securing any such financing.

The following table analyses the Fund's financial liabilities into relevant maturity groupings based on the remaining period at the date of Statement of assets and liabilities to the contractual maturity date. The amounts in the table are the contractual undiscounted cash flows.

### 19 FAIR VALUE OF FINANCIAL INSTRUMENTS

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Underlying the definition of fair value is the presumption that the Fund is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

Financial assets which are traded in an open market are revalued at the market prices prevailing on the reporting date.

The fair value of all financial assets and financial liabilities of the Fund approximate their carrying amounts due to short term maturities of these instruments.

### 19.1 Fair value hierarchy

The Fund uses the following hierarchy for disclosure of the fair value of financial instruments by valuation technique:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: other techniques for which all inputs which have a significant effect on the recorded fair value are

observable, either directly or indirectly.

Level 3: Valuation techniques which use inputs which have a significant effect on the recorded fair value that

are not based on observable market data.

As at reporting date, the Fund has investments 'at fair value through profit or loss' measured using level 2 valuation technique. For the remaining financial assets and financial liabilities, the Fund has not disclosed the fair values, as these are either short term in nature or repriced periodically. Therefore, their carrying amounts are reasonable approximation of fair value.

Our responsibility is to express a conclusion on these condensed interim financial statements based on our review.

### Scope of Review

We conducted our review in accordance with International Standard on Review Engagements [ISRE] 2410, "Review of Interim Financial Statements Performed by the Independent Auditor of the Entity". A review of condensed interim financial Statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

#### Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying condensed interim financial Statements are not prepared, in all material respects, in accordance with accounting and reporting standards as applicable in Pakistan for interim financial reporting.

- 6.1 As per regulation 61 of the NBFC Regulations, the Management Company of the Fund is entitled to a remuneration equal to an amount not exceeding the maximum rate of management fee as disclosed in the Offering Document subject to the total expense ratio limit. Keeping in view the maximum allowable threshold, the Management Company has charged its remuneration at the average rate 0.29% (30 June 2024: 0.69%) on the average annual net assets.
- 6.2 During the period, an amount of Rs.609,367 (Dec 31, 2023: Rs. 612,428) was charged on account of Sales Tax on remuneration of the Management Company levied through the Sindh Sales Tax on Services Act, 2011 at the rate of 15% (June 30, 2024: 13%).
- 6.3 The Finance Act, 2013 enlarged the scope of Federal Excise Duty (FED) on financial services to include Asset Management Companies (AMCs) with effect from 13 June 2013. As the asset management services rendered by the Management Company of the Fund were already subject to provincial sales tax on services levied by the Sindh Revenue Board, which is being charged to the Fund as explained in note 8.2 above, the Management Company was of the view that further levy of FED was not justified.

On 4 September 2013, a Constitutional Petition was filed in the Honourable Sindh High Court (SHC) jointly by various asset management companies, together with their representative Collective Investment Schemes through their trustees, challenging the levy of FED.

During the year ended 30 June 2017, the SHC passed an order whereby all notices, proceedings taken or pending, orders made, duty recovered or actions taken under the Federal Excise Act, 2005 in respect of the rendering or providing of services (to the extent as challenged in any relevant petition) were set aside. In response to this, the Deputy Commissioner Inland Revenue has filed a Civil Petition for leave to appeal in the Supreme Court of Pakistan which is pending adjudication.

With effect from 1 July 2016, FED on services provided or rendered by non-banking financial institutions dealing in services which are subject to provincial sales tax has been withdrawn by the Finance Act, 2016.

In view of the above, the Fund has discontinued making further provision in respect of FED on remuneration of the Management Company with effect from 1 July 2016. However, as a matter of abundant caution the provision for FED made for the period from 13 June 2013 till 30 June 2016 amounting to Rs 1.734 million (30 June 2024: Rs 1.734 million) is being retained in the condensed interim financial statements of the Fund as the matter is pending before the Supreme Court of Pakistan. Had the said provision for FED not been recorded in the condensed interim financial statements of the Fund, the net asset value of the Fund as at 31 December 2024 would have been higher by Rs 0.285 per unit (30 June 2024: Rs.0.54 per unit).

6.4 The Management Company is allowed to charge actual expenses related to registrar services, accounting, operations and valuation services to the CIS with effect from 20 June 2019 as per SECP SRO 639 (I) /2019 dated 20 June 2019.

The Management Company based on its own discretion has charged expenses at the rate of 0.07% (June 30, 2024: 0.8%) of average annual net assets of the Fund during the period ended December 31, 2024, subject to total expense charged being lower than actual expense incurred.

- 6.5 The Provincial Government of Sindh has levied Sindh Sales Tax at the rate of 15% on reimbursable expenditure (allocated expenses) effective from July 1, 2024, through the Sindh Sales Tax on Services Act, 2011.
- 6.6 In accordance with Circular 11 dated July 05, 2019 issued by SECP, with respect to charging selling and marketing expenses, the Management Company, based on its own discretion has charged selling and marketing expenses at the rates of 0.02% (June 30, 2024: 0.46%) of the average annual net assets of the Fund during the period, subject to total expense charged being lower than actual expense incurred.
- 6.7 The Provincial Government of Sindh has levied Sindh Sales Tax at the rate of 15% on reimbursable expenditure (selling and marketing expenses) effective from July 1, 2024, through the Sindh Sales Tax on Services Act, 2011.

### 16 FAIR VALUE MEASUREMENT

Fair value is the amount for which an asset could be exchanged, or a liability settled, between knowledgeable willing parties in an arm's length transaction.

Underlying the definition of fair value is the presumption that the Fund is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

Financial assets which are tradable in an open market are revalued at the market prices prevailing on the statement of assets and liabilities date. The estimated fair value of all other financial assets and liabilities is considered not significantly different from book value.

### 16.1 Fair value hierarchy

Following hierarchy is used in determining and disclosing the fair value of the following financial instruments by valuation technique:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices included within level 1 that are observable for the asset or liability eiter directly (i.e. as prices) or indirectly (i.e. derived from prices); and
- Level 3: inputs for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

As at reporting date, the Fund has investments 'at fair value through profit or loss' measured using level 2 valuation technique. For the remaining financial assets and financial liabilities, the Fund has not disclosed the fair values, as these are either short term in nature or repriced periodically. Therefore, their carrying amounts are reasonable approximation of fair value.

# INDEPENDENT AUDITORS' REPORT ON REVIEW OF CONDENSED INTERIM FINANCIAL INFORMATION TO UNIT HOLDERS

#### Introduction

We have reviewed the accompanying condensed interim statement of assets and liabilities of **Atlas Islamic Stock Fund** (the Fund) as at December 31, 2024 and the related condensed interim income statement, condensed interim statement of comprehensive income, condensed interim statement of movement in unit holders' fund and condensed interim statement of cash flows together with the notes forming part thereof (here-in-after referred to as the 'condensed interim financial statements'), for the half year ended December 31, 2024. The Management Company (Atlas Asset Management Limited) is responsible for the preparation and presentation of these condensed interim financial statements in accordance with the accounting and reporting standards as applicable in Pakistan for interim financial reporting. Our responsibility is to express a conclusion on these condensed interim financial statements based on our review. The figures included in the condensed interim income statement and condensed interim statement of comprehensive income for the quarters ended December 31, 2024 and December 31, 2023 have not been reviewed, as we are required to review only the cumulative figures for the half year ended December 31, 2024.

#### Scope of Review

We conducted our review in accordance with the International Standard on Review Engagements 2410, "Review of Condensed Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

### Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying condensed interim financial statements are not prepared, in all material respects, in accordance with accounting and reporting standards as applicable in Pakistan for interim financial reporting.

This practice is being followed to comply with the requirements of the accounting and reporting standards as applicable in Pakistan.

#### 3 BASIS OF PREPARATION

#### 3.1 Statement of compliance

These condensed interim financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan for interim financial reporting. The accounting and reporting standards applicable in Pakistan for interim financial reporting comprise of:

- International Accounting Standard (IAS) 34, Interim Financial Reporting, issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017;

- the Non-Banking Finance Companies (Establishment and Regulation) Rules, 2003 (the NBFC Rules), the Non-Banking Finance Companies and Notified Entities Regulations, 2008 (the NBFC Regulations) and the requirements of the Trust Deed.

Where provisions of and directives issued under the Companies Act, 2017, part VIIIA of the repealed Companies Ordinance 1984, the NBFC Rules, the NBFC Regulations and the requirements of the Trust Deed differ with the requirements of IAS 34, the provisions of and directives issued under the Companies Act, 2017, part VIIIA of the repealed Companies Ordinance 1984, the NBFC Rules, the NBFC Regulations and the requirements of the Trust Deed have been followed.

The disclosures made in these condensed interim financial statements have, however, been limited based on the requirements of the International Accounting Standard 34: 'Interim Financial Reporting'. These condensed interim financial statements do not include all the information and disclosures required in a full set of financial statements and should be read in conjunction with the annual financial statements of the Fund for the year ended June 30, 2024.

3.2 In compliance with Schedule V of the Non-Banking Finance Companies and Notified Entities Regulations, 2008, the directors of the Management Company hereby declare that these condensed interim financial statements give a true and fair view of the state of the Fund's affairs as at and for the half year ended December 31, 2024.

# 4 MATERIAL ACCOUNTING POLICY INFORMATION, ACCOUNTING ESTIMATES, JUDGEMENTS AND RISK MANAGEMENT POLICIES

- **4.1** The material accounting policies adopted and the methods of computation of balances used in the preparation of these condensed interim financial statements are the same as those applied in the preparation of the annual financial statements of the Fund for the year ended June 30, 2024.
- 4.2 The preparation of the condensed interim financial statements in conformity with accounting and reporting standards as applicable in Pakistan requires management to make estimates, assumptions and use judgments that affect the application of policies and reported amounts of assets, liabilities, income and expenses. Estimates, assumptions and judgments are continually evaluated and are based on historical experience and other factors, including reasonable expectations of future events. Revisions to accounting estimates are recognised prospectively commencing from the period of revision. In preparing the condensed interim financial statements, the significant judgments made by management in applying the Fund's accounting policies and the key sources of estimation and uncertainty were the same as those applied to the financial statements as at and for the year ended June 30, 2024. The Fund's financial risk management objectives and policies are consistent with those disclosed in the annual financial statements for the year ended June 30, 2024.
- 4.3 Standards, interpretations and amendments to published accounting and reporting standards that are effective in the current period

There are certain amendments to the published accounting and reporting standards that are mandatory for the Fund's annual accounting period beginning on July 1, 2024. However, these do not have any significant impact on the Fund's operations and, therefore, have not been detailed in these condensed interim financial statements.

# 4.4 Standards, interpretations and amendments to published accounting and reporting standards that are not yet effective

There are certain new standards and amendments to the published accounting and reporting standards that will be applicable to the Fund for its annual periods beginning on or after July 1, 2025. However, these are not considered to be relevant or will not have any material effect on the Fund's financial statements except for:

The new standard - IFRS 18 Presentation and Disclosure in Financial Statements (IFRS 18) (published in April 2024) with applicability date of January 1, 2027 by IASB. IFRS 18 when adopted and applicable shall impact the presentation of 'Income Statement' with certain additional disclosures in the financial statements; and

Amendments to IFRS 9 'Financial Instruments' which clarify the date of recognition and derecognition of a financial
asset or financial liability including settlement of liabilities through banking instruments and channels including
electronic transfers with effective date of January 1, 2026. The amendment when applied may impact the timing of
recognition and derecognition of financial liabilities.

6.1.3 The Finance Act, 2023 had introduced Section 236Z of the Income Tax Ordinance, 2001 (ITO) effective from July 1, 2023, which mandates listed companies to withhold ten percent shares out of bonus shares issued to the Fund. The share so withheld are to be released if the Fund deposits tax equivalent to ten percent of the value of bonus share issues to the Fund. Such tax is to be deposited within fifteen days of the book closure of the respective dividend. In case of failure of the Fund to pay, the issuer company is liable to pay the tax and dispose of the bonus shares to recover the amount paid.

In this regard, a petition was filed by the Collective Investment Schemes (CISs) through their Trustees in the High Court of Sindh, challenging the applicability of withholding tax provisions on bonus shares received by CIS. The petition is based on the grounds that since the CISs are exempt from levy of income tax in terms of 99 of Part-I of the Second Schedule to the ITO, no tax is payable by the Fund under Section 236Z of the ITO. During the current period, the Honorable High Court of Sindh has issued notices to the relevant parties and ordered to retain the bonus shares being withheld and no tax shall be paid under section 236Z of the ITO till further orders by the Court. The matter is still pending adjudication and the Fund has included these shares in their portfolio, as the management is confident that the decision of the constitutional petition will be in favour of the CISs.

During the period, Mari Energies Limited has withheld 73,967 from the bonus shares issued to the Fund. The market value of bonus shares withheld amounts to Rs. 53.28 million as at December 31, 2024.

Further, the investment in equity shares of the Fund also includes additional 73,967 bonus shares of Mari Energies Limited having market value of Rs. 53.28 million freezed by the CDC on the instructions of the Honorable Islamabad High Court (the Court). Accordingly, these shares are not available for transaction till further directions from the Court.

6.1.4 During the period, Fauji Fertilizer Bin Qasim Limited (FFBL) has been merged with and into Fauji Fertilizer Company Limited (FFC), upon sanction by the Honourable Lahore High Court, Rawalpindi Bench. In accordance with the Scheme of Arrangement, and in consideration for the merger in terms thereof, FFCL will allot and issue an aggregate of 150,870,449 ordinary shares of FFCL (FFCL Shares) to the FFBL Shareholders (being the members of FFBL, other than FFCL and its nominees, if any), based on a swap ratio of 1 (one) FFCL Share for every 4.29 ordinary shares of FFBL held by each FFBL Shareholder (subject to the adjustment of fractional shares), in the manner detailed in the Scheme.

As result of above arrangement, the Fund received 1,143,889 shares of Fauji Fertilizer Company Limited (FEC) in lieu of 4,907,286 shares of Fauji Fertilizer Bin Qasim Limited (FFBL).

8.1 As per clause 47(B) of part IV of the Second Schedule to the Income Tax Ordinance, 2001, payments made to collective investment schemes (CISs) are exempt from withholding tax under section 150 and 151. However, withholding tax on dividend and profit on bank deposits paid to the Fund has been deducted by various withholding agents based on the interpretation issued by the Federal Board of Revenue (FBR) vide letter C. no. 1(43) DG (WHT)/2008-VOL.II-66417-R dated May 12, 2015 which requires every withholding agent to withhold income tax at applicable rates in case a valid exemption certificate under section 159(1) issued by the concerned Commissioner of Inland Revenue (CIR) is not produced before him by the withholdee. The tax withheld on dividends and profit on bank deposits amounts to Rs. 2.80 million (June 30, 2024: Rs. 2.80 million).

For this purpose, the Mutual Funds Association of Pakistan (MUFAP) on behalf of various mutual funds (including the Funds being managed by the Management Company) had filed a petition in the Honourable Sindh High Court (SHC) challenging the above mentioned interpretation of the Federal Board of Revenue (FBR) which was decided by the SHC in favour of FBR. A petition was filed in the Honourable Supreme Court of Pakistan by the Funds together with other CISs (managed by the Management Company and other Asset Management Companies) whereby the Supreme Court granted the petitioners leave to appeal from the initial judgment of the SHC. Pending resolution of the matter, the amount of withholding tax deducted on dividends and profit on bank deposits has been shown as other receivables as at December 31, 2024 as, in the opinion of the management, the amount of tax deducted at source will be refunded.

- 9.1 As per regulation 61 of the NBFC Regulations, the Management Company of the Fund is entitled to a remuneration equal to an amount not exceeding the maximum rate of management fee as disclosed in the Offering Document subject to the total expense ratio limit. Keeping in view the maximum allowable threshold, the Management Company has charged its remuneration at an average rate of 2.83% (June 30, 2024 : 2.50%) on the average annual net assets of the Fund during the period ended December 31, 2024. The remuneration is payable to Management Company monthly in arrears.
- 9.2 During the period, an amount of Rs. 14.84 million (December 31, 2023: Rs. 6.25 million) was charged on account of sales tax. Sindh sales tax levied through Sindh Sales Tax on Services Act, 2011 on remuneration of Management Company has been enhanced from the rate of 13% to 15% (June 30, 2024: 13%) effective July 1, 2024 vide Sindh Finance Act, 2024.
- 9.3 The Finance Act, 2013 enlarged the scope of Federal Excise Duty (FED) on financial services to include Asset Management Companies (AMCs) as a result of which FED at the rate of 16% on the remuneration of the Management Company and sales load was applicable with effect from June 13, 2013. The Management Company was of the view that since the remuneration was already subject to provincial sales tax, further levy of FED would result in double taxation which did not appear to be the spirit of the law. Hence, on September 04, 2013 a constitutional petition was filed with the Sindh High Court (SHC) by the Management Company together with various other asset management companies challenging the levy of FED.

With effect from July 01, 2016, FED on services provided or rendered by non-banking financial institutions dealing in services which are subject to provincial sales tax has been withdrawn by the Finance Act, 2016.

During the year ended June 30, 2017, the SHC passed an order whereby all notices, proceedings taken or pending, orders made, duty recovered or actions taken under the Federal Excise Act, 2005 in respect of the rendering or providing of services (to the extent as challenged in any relevant petition) were set aside. In response to this, the Deputy Commissioner Inland Revenue has filed a Civil Petition for leave to appeal in the Supreme Court of Pakistan which is pending adjudication.

In view of the above, the Fund has discontinued making further provision in respect of FED on remuneration of the Management Company and sales load with effect from July 01, 2016. However, as a matter of abundant caution the provision for FED made for the period from June 13, 2013 till June 30, 2016 amounting to Rs. 10.45 million (June 30, 2024: Re. 10.45 million) is being retained in these condensed interim financial statements of the Fund as the matter is pending before the Supreme Court of Pakistan. Had the provision not been made, the NAV per unit of the Fund would have been higher by Rs. 1.31 (June 30, 2024: Rs. 1.43) per unit.

- 9.4 In accordance with regulation 60 of the NBFC Regulations, the Management Company is entitled to charge fees and expenses related to registrar services, accounting, operation and valuation services, related to a Collective Investment Scheme (CIS).
  - During the period, the Management Company based on its own discretion has charged such expenses at an average rate of 0.43% (June 30, 2024: 0.80%) of the average annual net assets of the Fund, subject to total expense charged being lower than actual expense incurred.
- 9.5 During the period, an amount of Rs. 2.17 million (December 31, 2023: Rs. Nil) was charged on account of sales tax on accounting and operational charges charged by the Management Company. The sales tax levied through Sindh Sales Tax on Services Act, 2011 has been enhanced from the rate of 13% to 15% (June 30, 2024: 13%) effective July 1, 2024 vide Sindh Finance Act, 2024.
- 9.6 The SECP has allowed the asset management companies to charge selling and marketing expenses to all categories of open-end mutual funds (except fund of funds) up to a maximum limit approved by the Board of Directors of the Management Company as part of annual plan.
  - Accordingly, the Management Company has charged selling and marketing expenses based on its discretion (duly approved by the Board of Directors) while keeping in view the overall return and the total expense ratio limit of the Fund as defined under the NBFC Regulations, 2008. Keeping in view the maximum allowable threshold, the Management Company has charged such expenses at an average rate of 0.32% (June 30, 2024: 0.46%) of the average daily net assets of the Fund during the current period.
- 9.7 The SECP has allowed the Asset Management Companies to charge selling and marketing expenses to all categories of open-end mutual funds (except fund of funds) initially for a period of three years (i.e. from January 1, 2017 till December 31, 2019). The maximum cap of selling and marketing expense was 0.40% per annum of the daily average net assets of the Fund or actual expenses whichever is lower.

During year ended June 30, 2020, the SECP through its circular 11 dated July 5, 2019 has revised the conditions for charging of selling and marketing expenses to a fund. As per the revised guidelines, the maximum cap of 0.4% per annum has been lifted and now the asset management company is required to set a maximum limit for charging of such expense to the Fund and the same should be approved by the Board of Directors of the Management Company as part of the annual plan. Furthermore, the time limit of three years has also been removed in the revised conditions.

During the period, an amount of Rs. 0.87 million (December 31, 2023: Rs. Nil) was charged on account of sales tax on selling and marketing expenses charged by the Management Company. The sales tax levied through Sindh Sales Tax on Services Act, 2011 has been enhanced from the rate of 13% to 15% (June 30, 2024: 13%) effective July 1, 2024 vide Sindh Finance Act, 2024.

#### 18 FAIR VALUE OF MEASUREMENT

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Consequently, differences can arise between carrying values and the fair value estimates.

Underlying the definition of fair value is the presumption that the Fund is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

Financial assets which are tradable in an open market are revalued at the market prices prevailing on the statement of assets and liabilities date. The estimated fair value of all other financial assets and liabilities is considered not to be significantly different from the respective book values.

#### 18.1 Fair value hierarchy

International Financial Reporting Standard 13, 'Fair Value Measurement' requires the Fund to classify assets using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities;
- Level 2: inputs other than quoted prices included within level 1 that are observable for the asset or liability either directly (i.e. as prices) or indirectly (i.e. derived from prices); and
- Level 3: inputs for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

As at December 31, 2024 and June 30, 2024, the Fund held the following financial instruments measured at fair value:

#### Introduction

We have reviewed the accompanying condensed interim statement of assets and liabilities of ATLAS ISLAMIC DEDICATED STOCK FUND (the Fund) as at December 31, 2024, and the related condensed interim income statement, condensed interim statement of comprehensive income, condensed interim statement of movement in unit holders' fund, condensed interim Cash flow statement and notes to and forming part of the condensed interim financial information for the half year then ended December 31, 2024 (here-in-after referred to as the condensed interim financial Statements). Atlas Asset Management Limited (the Management Company) is responsible for the preparation and presentation of this condensed interim financial information in accordance with accounting and reporting standards as applicable in Pakistan for interim financial reporting. Our responsibility is to express a conclusion on these condensed interim financial statements based on our review.

#### Scope of Review

We conducted our review in accordance with International Standard on Review Engagements [ISRE] 2410, "Review of Interim Financial Statements Performed by the Independent Auditor of the Entity". A review of condensed interim financial Statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

#### Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying condensed interim financial Statements are not prepared, in all material respects, in accordance with accounting and reporting standards as applicable in Pakistan for interim financial reporting.

#### **Other Matter**

The figures of the condensed interim income statement and condensed interim statement of comprehensive income, for the quarter ended December 31, 2024 have not been reviewed, as we are required to review only the cumulative figures for the half year ended December 31, 2024.

The engagement partner on the review resulting in this independent auditor's review report is Mr. Arif Nazeer.

5.5 The Finance Act, 2014 introduced amendments to the Income Tax Ordinance 2001. As a result of these amendments, companies are liable to withhold bonus shares at the rate of 10%. In accordance with the requirement of the Ordinance these shares shall only be released if the fund deposit tax equivalent to 10% of the value of the bonus shares issued. The value of tax is computed on the basis of day-end price on the first day of book closure.

In this regard, a constitution petition has been filed by Collective Investment Schemes (CISs) through their Trustees in the High Court of Sindh, challenging the applicability of withholding tax provisions on bonus shares received by CISs, which is pending adjudication. The petition is based on the fact that because CISs are exempt from deduction of income tax under Clause 99 Part I to the Second Schedule of the Income Tax Ordinance 2001, the withholding tax provision should not be applicable on bonus shares received by CISs. A stay order has been granted by the High Court of Sindh in favour of CISs.

During the year ended June 30, 2018, the Supreme Court of Pakistan passed a judgement on June 27, 2018, whereby the suits which were already pending or shall be filed in future must only be continued / entertained on the condition

that a minimum of 50% of the tax calculated by the tax authorities is deposited with the authorities. Accordingly, the CISs were required to pay minimum 50% of the tax calculated by the tax authorities for the case to remain continued. The CISs failed to deposit the minimum 50% of the tax liability and accordingly the stay got vacated automatically during the year ended June 30, 2019. Subsequent to the year ended June 30, 2019, the CISs have filed a fresh constitutional petition via CP 4653 dated July 11, 2019. In this regard, on July 15, 2019, the SHC has issued notices to the relevant parties and has ordered that no third party interest on bonus shares issued to the Funds in lieu of their investments be created in the meantime. The matter is still pending adjudication and the Fund has included these shares in its portfolio, as the management is confident that the decision of the constitutional petition will be in favour of the CISs.

Further, the Finance Act, 2018 effective from July 1, 2018, has omitted Section 236M of Income Tax Ordinance, 2001 requiring every company quoted on Pakistan Stock Exchange Limited issuing bonus shares to the shareholders, to withhold 10% of the bonus shares to be issued.

Subsequently, the Finance Act, 2023 has introduced Section 236Z of the Income Tax Ordinance, 2001. Accordingly, every company issuing bonus shares to the shareholders of the company shall withhold 10% of the bonus shares to be issued, determined on the basis of day-end price on the first day of closure of books and in case of a listed company and the value as prescribed in case of other companies.

As at December 31, 2024, the following bonus shares of the Fund were withheld by certain companies at the time of bonus declaration. The Fund has included these shares in its portfolio, as the management believes that the decision of the constitutional petition will be in favour of the CISs.

#### 16 FAIR VALUE OF FINANCIAL INSTRUMENTS

Fair value is the amount for which an asset could be exchanged, or a liability settled, between knowledgeable willing parties in an arm's length transaction.

Underlying the definition of fair value is the presumption that the Fund is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

Financial assets which are tradable in an open market are revalued at the market prices prevailing on the statement of assets and liabilities date. The estimated fair value of all other financial assets and liabilities is considered not significantly different from book value.

#### 16.1 Fair value hierarchy

15.2

Following hierarchy is used in determining and disclosing the fair value of the following financial instruments by valuation technique:

Level 1: quoted prices in active markets for identical assets.

Level 2: other techniques for which all inputs which have a significant effect on the recorded fair value are observable, either directly or indirectly.

Level 3: techniques which use inputs which have a significant effect on the recorded fair value that are not based on observable market data.

The Fund recognises equity securities at fair value which is determined using the rate at which they are quoted on Pakistan Stock Exchange Limited (Level 1).

For the remaining financial assets and financial liabilities, the Fund has not disclosed the fair values, as these are either short term in nature or repriced periodically. Therefore, their carrying amounts are reasonable approximation of fair value.

<sup>\*</sup> These parties are also holding more than 10% of the Fund Units.

#### 17 GENERAL

Figures have been rounded off to the nearest Rupee unless otherwise stated.

#### TO THE UNIT HOLDERS OF ATLAS ISLAMIC FUND OF FUNDS

### **Report on Review of Condensed Interim Financial Statements**

#### Introduction

We have reviewed the accompanying condensed interim statement of assets and liabilities of ATLAS ISLAMIC FUND OF FUNDS (the Fund) as at December 31, 2024, and the related condensed interim income statement, condensed interim statement of comprehensive income, condensed interim statement of movement in unit holders' fund, condensed interim Cash flow statement and notes to and forming part of the condensed interim financial information for the half year then ended December 31, 2024 (here-in-after referred to as the condensed interim financial Statements). Atlas Asset Management Limited (the Management Company) is responsible for the preparation and presentation of this condensed interim financial information in accordance with accounting and reporting standards as applicable in Pakistan for interim financial reporting. Our responsibility is to express a conclusion on these condensed interim financial statements based on our review.

## Scope of Review

We conducted our review in accordance with International Standard on Review Engagements [ISRE] 2410, "Review of Interim Financial Statements Performed by the Independent Auditor of the Entity". A review of condensed interim financial Statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

#### Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying condensed interim financial Statements are not prepared, in all material respects, in accordance with accounting and reporting standards as applicable in Pakistan for interim financial reporting.

#### Other Matter

The figures of the condensed interim income statement and condensed interim statement of comprehensive income, for the quarter ended December 31, 2024 have not been reviewed, as we are required to review only the cumulative figures for the half year ended December 31, 2024.

The engagement partner on the review resulting in this independent auditor's review report is Mr. Arif Nazeer.

6.1 As per Clause 47(B) of part IV of the Second Schedule to the Income Tax Ordinance, 2001, payments made to collective investment schemes (CISs) are exempt from withholding tax under sections 150 and 151. However, several banks deducted withholding tax on profit on bank deposits paid to the Fund based on the interpretation issued by FBR vide letter C. no. 1(43) DG (WHT)/2008-VOL.II-66417-R dated May 12, 2015 which requires every withholding agent to withhold income tax at applicable rates in case a valid exemption certificate under section 159(1) issued by the concerned Commissioner of Inland Revenue (CIR) is not produced by the withholdee.

For this purpose, the Mutual Funds Association of Pakistan (MUFAP) on behalf of various mutual funds (including the Funds being managed by the Management Company) had filed a petition in the Honourable Sindh High Court (SHC) challenging the above mentioned interpretation of the Federal Board of Revenue (FBR) which was decided by the SHC in favour of FBR. On January 28, 2016, the Board of Directors of the Management Company passed a resolution by circulation, authorising all Funds managed by the Company to file an appeal in the Honourable Supreme Court through their Trustees, to direct all persons being withholding agents, including share registrars and banks to observe the provisions of clause 47B of Part IV of the Second Schedule to the Income Tax Ordinance, 2001 without imposing any conditions at the time of making any payment to the CISs being managed by the Management Company. Accordingly, a petition was filed in the Supreme Court of Pakistan by the Funds together with other CISs (managed by the Management Company and other Asset Management Companies) whereby the Supreme Court granted the petitioners leave to appeal from the initial judgement of the SHC. Pending resolution of the matter, the amount of withholding tax deducted from the profit received on bank deposits by the Funds has been shown as other receivable as at June 30, 2024 as, in the opinion of the management, the amount of tax deducted at source will be refunded.

Had the tax recoverable not been recorded in these financial statements of the Fund, the net asset value of the Fund as at December 31, 2024 would have been lower by, AAAIP Rs. 0.04 per unit, AMAIP Rs. 0.03 per unit, ACAIP Rs. 0.05 per unit, AICPPII Rs. Nil per unit (June 30, 2024: AAAIP Rs. 0.04 per unit, AMAIP Rs. 0.03 per unit, ACAIP Rs. 0.03 per unit, AICPPII Rs. Nil per unit).

## 16 FAIR VALUE OF FINANCIAL INSTRUMENTS

Fair value is the amount for which an asset could be exchanged, or a liability settled, between knowledgeable willing parties in an arm's length transaction. Consequently, differences can arise between carrying values and the fair value estimates.

Underlying the definition of fair value is the presumption that the Fund is a going concern without any intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

Fair value of government securities is determined by reference to the rates announced by Financial Market Association of Pakistan and fair value of corporate sukuks is determined on the basis of rates announced by MUFAP. The fair value of financial assets and liabilities of the Fund, other than government securities, approximates their carrying amount due to short term maturities of these instruments.

## 16.1 Fair value hierarchy

Following hierarchy is used in determining and disclosing the fair value of the following financial instruments by valuation technique:

Level 1: Quoted prices in active markets for identical assets.

Level 2: Other techniques for which all inputs which have a significant effect on the recorded fair value are

observable, either directly or indirectly.

Level 3: Valuation techniques which use inputs which have a significant effect on the recorded fair value that

are not based on observable market data.

The Fund recognises equity securities at fair value which is determined using the rate at which they are quoted on Pakistan Stock Exchange Limited (Level 2).
